## Best Practice -I

**Title of the Practice-** We have the following one as our best practice in the field of sports that can fulfill the requirements and needs of the students and society.

### “Championships are won at Practice”

#### Objectives of the Practice:

Sports include all types of physical activities which are done in a specific manner to perform any game. It makes the human body fit, active and skillful. It also supports the team spirit and unity in the nature of human. It is also play a supportive role in multicultural interaction that is very useful for social harmony. The main objectives of sports are as under:

- To make students physically and mentally fit.
- To enable students to participate in specific games so that they may choose the games according their aptitude make it their carrier.
- To provide a plate form to the low participating students.
- To create unity among the students from different cultural backgrounds.

#### The Contest:

For development of students personality different types of activities are integral part of curriculum of our college. Annual Athlete meet is one of these activities. Every year Athletic meet is organized in Month of February or March. All the students and staff members take part in this event. For Athletic meet every staff member -perform his duty with honesty. The college has made very effective efforts in this area but this college is a newly started college. It was started in May 2013 but its own building was come into existence in December 2017. We run a Co-education college but we have neither separate physical education department in this college nor any physical teacher. As a result we have not achieved as much achievements as our students deserve.

**The Practice:**

The college has organized a number of athletic meets and Yoga classes time to time. Athletic meet is inaugurated by the Chief Guest. Time table is prepared for different games. Main games are these, Race 1000 meters to 100 meters for boys and girls High jump and long jump for male and female Javelin throw for both boys and girls, ripple jump,. Hammer throw. Chatty race, Lemon race etc. These events are organized two days. Third day prizes are distributed to participants. one student can take part in six events only. Prizes and Certificates are given to winner of first second and third positions in different activities. At the End of closing ceremony national Anthem is sung by all the students and staff members.

The students of the college have witnessed uncounted participation in National/State and Inter-University Level competitions and bagged numerous medals in their credits. In addition, College also participates in various Intra/ Inter-College, University, organized by other institutes/universities during the year and inter-collegiate competitions/tournament sponsored by the Department of Higher Education Haryana. Participation In Cultural Activities Participation of students is ensured through constitution of Cultural Committee and the committee arranges youth welfare programmes at institutional level like talent search programme and mandatory cultural programme etc. for empowerment and capacity building of youth for realization of their potentials. The committee seeks to create a platform that provides the students with an opportunity to display creative talents in a variety of ways. During the talent search programme singing, dancing, art & theatre items are presented and quiz, debate, declamation and other competitions are also organised as major youth activity programmes & talent is identified. The Committee also ensures the larger participation in university level cultural functions organised by affiliating university/universities. The major cultural participation every year is in Zonal Level Youth Festival followed by Inter-Zonal Youth Festival, Youth Festival Inter-University (North Zone) and National Level Youth Festival and University Level Folk Festival (Falgun Mela) etc. The college is always committed to maintain its worthiness and high esteem through a system of conscious, consistent and catalytic action to improve the academic and administrative performance of the institution and to promote measures for institutional functioning towards quality enhancement through internalization of quality culture and Institutionalization of Best Practices. Besides its good achievements in every area, our college has a special distinctiveness in sports. Young people spend a large portion of their time at schools and colleges. A significant amount of learning takes place during this time. Along with quality education, it is vital that sports and physical education are made an accessible and

regular part of learning during these formative years. Activities that encourage physical movement and exercise in students create an enjoyable experience for students. This college leaves no chance to provide its students a platform to train and polish their sports skill. To accomplish this purpose and following one of its Best Practice, the college every year organizes an Annual Athletic Meet, and various District and State Level Championships in the college campus in addition to larger and significant participation in sports events organised by other institutes. All above credit can be witnessed with enlightening the following report of the events:

## Best Practice -II

**Title of the Practice** – Value Based Education

**Objectives of the Practice:**

- To emerge as an institute of excellence in higher education.
- To impart value based education in line with global standards.
- To inculcate the Indian heritage and culture and to instil moral values of life in the minds of youth.
- To promote leadership qualities and to develop entrepreneurial skills amongst students.
- To groom students to become socially responsible citizens
- To create a strong learning environment.
- To provide holistic education.

**The Contest:**

Our college's aim is to give value added education. Value based education aims at inculcating the highly commemorate values such as service, devotion, contentment, love peace, truth and wisdom in the minds of students. The Institute has been shouldering the responsibility of providing it at the right time to students. The system enhances academic achievement and develops students' social and relationship skills. The skills they imbibe during their study of multiple discipline not only help them get place in reputed university but also help them to get job in different fields. The Institute consistently works to impart social, moral, integrity, character, spirituality, etc along with regular classes and learning system. It builds the qualities of humility, strength and honesty in students who are shaped to become better citizens of our country. As part of extension activities students are taken out to get along with society thereby apprehending the actual social stratum and its issues.

### **The Practice:**

The College regularly celebrates the national festivals like Independence Day, Republic Day, and Gandhi Jayanti during which eminent advocates/social activists / freedom fighters are invited as guests. They deliver inspiring speeches to the students highlighting the importance human values. The programme has been successful in enlightening the students on their voting rights. We celebrate Meditation and yoga day on 21st June every year. This creates awareness about the advantages of Yoga and meditation among the staff and the students. Plantation day has been celebrated in college to turn the staff and students to be environment friendly. Our college aims is grinder equity and social equity in imparting education. There are quite a good number of female faculties. College ensures that there are absolutely no instances of ragging or sexual-harassment. Agriculture is significant for multiple reasons. Due to the advent of science and technology, people pay least attention to farming and farmers. Realizing the hourly need to make the students understand it, all faculties motivate and aware the students about agriculture, industries and services according to area wise.

### **Evidence of Success**

The students through the NSS and YRC conduct awareness programmes about the ill effects of Malaria, the importance of agriculture, water and energy conservation, blood donation campaigns etc. When they interact with their own community, they are able to identify the problems faced by common people. They gain practical knowledge out of the act. They spread love and trust and sometimes render materialistic help to the poor and the needy. They rural areas in and around Satnali to conduct health awareness, rain water harvesting and cleanliness campaigns. Though these programmes, the teaching and learning community is constantly in touch with the society. The Institution is brimmed with pride and happiness to witness the successful implementation of value-based education system wherein the students are taught to engage with all aspects of human existence like emotional, moral and spiritual on par with their materialistic reach. They are developed a sense of compassion for their community. Our institution focuses on the supports activities which involves physical exercise and skill development. It improves concentration of student. It helps to improve the overall personality.

## **Problems Encountered and Resources Required**

In this era of technology, most of the people are violent and intolerant. The present generation of youth hailing from India, a developing democratic country is brought up in a society which is characterized by rampant change, cultural and religious diversity, dislocated families and unemployment. Here, education can be used as a powerful device for inculcating values in students. The values can be incorporated in everyday classroom praxis.

One of the major challenges faced in this regard is to changing the mind sets of students from curriculum to community service. As the world speedily paces after materialistic sophistication, the students of the present generation have been well trained at home itself to compete with challenges pertaining to economic growth. The morning assembly plays a vital role in this to bring all together physically and mentally. Verses being from The Gita, the Bible and the Koran unite all irrespective of creed, caste and religion.

The college is always committed to maintain its worthiness and high esteem through a system of conscious, consistent and catalytic action to improve the academic and administrative performance of the institution and to promote measures for institutional functioning towards quality enhancement through the value based education. Young people spend a large portion of their time at schools and colleges. A significant amount of learning takes place during this time along with quality education. Nowadays, more emphasis is unconditionally laid on knowledge-based and information-oriented education which looks after the intellectual development of the child. But the Value Based Education system of the Institute is the key to unlock an all -round and well-balanced personality of the students. It also aims at developing all dimensions of the human intellect with which the youth take our nation to be more democratic, interconnected, culturally rich and intellectually modest nation. The students through the NSS and YRC conduct awareness programmes about the ill effects of Dengue, the importance of agriculture, water and energy conservation, blood donation campaigns etc. When they interact with their own community, they are able to identify the problems faced by common people. They gain practical knowledge out of the act. They spread love and trust and sometimes render materialistic help to the poor and the needy. They rural areas in and around Satnali to conduct health awareness, rain water harvesting and cleanliness campaigns. Through these programmes, the teaching and learning community is constantly in touch with the society. Every year our college celebrated various activities as blood donation Camp, YRC activities, women cell activities and international yoga day for the all-over development of students.

## Tree Plantation on 22-07-2019

To celebrate the “Van-Mahotasav” an extensive Tree Plantation Programme was organised on 22-07-2019. The students and teachers contributed to plant saplings in a well-organised manner. The saplings were supplied by the local municipality corporation. In order to restore the eco-balance of the afforestation drive was taken with all seriousness. The District forest office initiated the programme and appreciated the drive taken by volunteers. Anyway, participants were highly enthusiastic to make it a big success. The students planted saplings, and fenced them and watered the plants. The programme created a great stir among the general public too.
